### **Advanced Skin DNA Test – \$299**

A revolutionary DNA laboratory test that examines 16 genetic markers in 5 categories associated with skin aging.

1. Firmness & Elasticity
2. Wrinkling
3. Sun Damage & Pigmentation
4. Free Radical Damage
5. Sensitivity & Inflammation

Your DNA results are used to scientifically create a personalised guide providing you with a unique regime tailored specifically to you. This allows you to advance beyond the 'one-size-fits-all' suggestions - using the right skincare ingredients targeted to your own genetic blueprint.

To learn more about SkinDNA™ speak to one of our Skin Therapists.

## **TAILOR MADE IN THERAPY EXPERIENCES** .....
