By using the active Neuro Cosmetics products combined with aromatic elixirs, mindfulness massage and a guided meditation while the mask is on, your skin will look amazing and you will feel relaxed and blissful. // 60mins

HIGH PERFORMANCE CORRECTIVE SKIN TREATMENTS

Pro Dermal Peels

Entry level Pro Dermal Peels – \$140

Choose from two enzymatic peels which promote youthful skin while protecting the skin's barrier function and increasing hydration. // 45mins

Pumpkin Peel - perfect for ageing, pigmentation and sun damage. This peel also infuses a powerhouse of antioxidants into the skin to protect and strengthen the skin.

Pomegranate Peel – great for younger or acne prone skins. This peel is amazing for a compromised, reactive skin.

Vitamin C Whitening Peel – \$140

High strength Vitamin C and peptide peel. Ideal for treating pigmentation, uneven skin tone and devitalised skin. Great for acne due to high anti-inflammatory properties and bacteria fighting Vitamin B3. // 45mins

Retinol Peel – \$155

Perfect for skins looking for anti-ageing repair and correction. Evens out skin tone and provides a soothing anti-inflammatory activity to even the most weakened skins // 45mins

Oxygenating Enzyme Peel – \$140

An instant pick me up to awaken, renew and hydrate tired, environmentally damaged and dull skins. A super hydrating algae cooling mask leaves the skin feeling refreshed and hydrated. // 45mins

Alpha Beta Peel \$155

Our most advanced peel. Great for treating stubborn skin concerns and ageing. Some skin preparation with in salon treatments and home care products is necessary. // 45mins

Double Peel - \$185 to \$200

This is a customised treatment using two peels suited to your skin type and concerns. // 60mins

Advanced Skin DNA Test – \$299

A revolutionary DNA laboratory test that examines 16 genetic markers in 5 categories associated with skin aging.

1. Firmness & Elasticity
2. Wrinkling
3. Sun Damage & Pigmentation
4. Free Radical Damage
5. Sensitivity & Inflammation

Your DNA results are used to scientifically create a personalised guide providing you with a unique regime tailored specifically to you. This allows you to advance beyond the 'one-size-fits-all' suggestions - using the right skincare ingredients targeted to your own genetic blueprint.

To learn more about SkinDNA™ speak to one of our Skin Therapists.

ANTI-AGEING & SKIN REJUVENATION

Dermapen™ – \$315

Revolutionary micro-needling device which aims to tighten, lift and rejuvenate the skin. The Dermapen can visibly improve the appearance of fine lines, wrinkles, scarring, pigmentation, congestion and much more. The Dermapen offers unparalleled collagen induction by harnessing the body's innate ability to re-grow and repair the skin as a response to micro-damage. A bundle of 3 treatments is recommended. // 45mins

Collagen Stimulation Facial – \$290

TREATMENT ADD-ONS

Oxygen Hydration Infusion – \$60

Using the latest hyperbaric oxygen technology. This treatment is famously used as a “special events” treatment. Your skin will look and feel plump, dewy, hydrated and healthy. Must have for any special occasion.

Fruit Enzyme Power Peel – \$45

This peel effectively eliminates redundant skin cells therefore accelerating the skin’s cellular renewal to reveal fresher, smoother skin. Restores natural barrier function and increases hydration.

An ideal boost for all skin types.

Firming Eye Contour Treatment – \$60

Treat multiple eye area concerns like dark circles, puffiness, wrinkles, loss of volume and firmness with this advanced peptide eye treatment designed to gently exfoliate, rehydrate, smooth lines and boost new collagen while improving overall firmness and tone. Includes cooling eye drainage massage.
